New Business:

Dave Alexander presented a request that was given to him asking why Flex time can't be used year round, not just in the summer time. Discussion followed and a motion was presented by Dave and seconded by Ingrid for the ERB committee to investigate this as an item for consideration. 100% approval

A lengthy discussion was held on the topic of the Strength Finders Workshop. Comments were made about the value of this type of workshop for a full department attending or a single person attending. Attendance statistics were presented on the previous offering of this workshop when it was offered to administrators 2 years ago. 30 registered and 27 attended with 90% positive feedback. Attendance was previously limited to 25-30 people. Cost of the event is shared with Housing and Residence life, but could be as high as \$500.00.

Consensus was that this is a good Professional Development Opportunity to offer. Jayne Tang made a motion that an email be sent to all administrators describing the workshop opportunity and asking for a time sensitive response of their interest in attending. If at least 25 respond, senate will allow the use of funds to pay for the presenter. If space is limited and more than the amount allowed respond yes to attending, then any who have never attended this event will be allowed to attend first, and then others will be accepted in the order that they respond to the email. Motion was seconded by John Campbell. Vote was 8 yes, 4 no, 2 members absent.

A question was asked to a senate member, why do we get printed telephone bills every month, one for each phone line? Jayne said she would take this question to Richard and then report back.

Reminder to committees that when a date is set for an event to please inform Debbie Clark so information can be posted on the Senate Web Page.
